Knowledgeable in user interface, testing, and debugging applications. Proven success record in seeing software application task from start to finish.

TECHNICAL SKILLS

Languages: HTML, CSS, Javascript, React

Libraries & Frameworks: JQuery, Node, MYSQL, MongoDB, Express

Tools: Git & Github, Command Line, Heroku

PROJECTS

Personal Website | [GitHub](#) | [Portfolio](#)

This portfolio is single page, and as the user scrolls down it will showcase some of my skills and past work.

Language: HTML, CSS, Javascript, Bootstrap

Eat a Burger! | [GitHub](#) | [Burger App](#)

Restaurant application that lets users input the names of burgers they'd like to eat. Using an home-grown ORM, the app has 3 basic CRUD functions. It uses the routes and imported information from the MVC structure that are necessary to run the app.

Language: HTML, CSS, Javascript, MYSQL, Handlebars, Nodejs

Fitness Tracker | [GitHub](#) | [Fitness App](#)

Workout tracker application that allows users to add and update their daily exercise workouts. The app uses Express web server, and a MongoDB database to store the Workout data.

Language: HTML, CSS, Javascript, Nodejs, MongoDB and Express

EXPERIENCE

Business Specialist/Medical Records

April 2018 – Present

Allina Health

Saint Paul, MN

- Maintained medical records software to ensure all charts are audited and up-to-date with the most recent date of service information
